

Annual Project Cost Detail

Project Cost Detail is derived using the program budget information input in the "Budget" worksheet and the HMIS data. This table details, by project, the total cost and cost per bed, per exit, and permanent housing exit. In the SPP, the cost per exit, and cost per permanent housing exit are used to model the impacts of funding changes. No changes can be made on this tab.

Project Name	Organization	Project Type	HIC Total Capacity <i>(seasonal beds annualized)</i>		Total Budget			Total Cost per Bed or Unit	Average Cost per HH Exit	Average Cost per HH Exit to PH
			Beds for Adults	Units for Families	ESG/CoC \$	All Other \$	Total			
Emergency Shelter 2	Organization 23	ES-YR	20	0	\$381,832	\$36,268	\$418,100	\$20,905	\$4,326	\$4,261
Emergency Shelter 4	Organization 14	ES-YR	8	13	\$19,506	\$270,341	\$289,847	\$13,802	\$4,162	\$4,234
